LATEX PAINT IS NOT A HAZARDOUS WASTE

It should be dried out with paint hardener (available at home improvement stores) or absorbent such as cat litter, sawdust or dirt. Dried paint and empty cans can be disposed with your regular household trash - leave the lid off so your trash collector knows there is no liquid. It costs the county more than \$6.00 per gallon to dispose liquid paints that were being brought to these events! **Latex paint is still being accepted at the permanent facility in Tinton Falls.**

This public service is sponsored by the Monmouth County Board of Chosen Freeholders and is supervised by the Monmouth County Health Department. There is no charge to qualified participants. For further information, please call 732-683-8686 and follow voice prompts
